

Be in the Know When You Are On the GO!

Affordable. Reliable. Easy.

Mobile Link's cellular-based technology offers significant advantages over existing alternatives:

- Lowest cost of any cellular monitoring solution
- Cellular technology provides broad coverage nationwide
- Cellular network self-configuration eliminates complicated set-up and maintenance

How it Works

When the generator experiences a change in status, Mobile Link sends an update to StandbyStatus.com, which forwards that information via website, email or text message—automatically.

Air Cooled \$250.00

Liquid Cooled \$325.00

Email or Text Notifications

StandbyStatus.com provides over 40 different notifications, including successful exercise, maintenance reminders, change in status, low battery, fault alert and more:

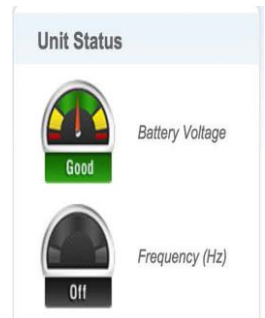

- When maintenance is required or fault conditions occur, StandbyStatus.com automatically sends out alerts
- Carolina Generators gets accurate data and can respond quickly and efficiently to problems
- Designate up to 4 different accounts to receive email and text notifications

StandbyStatus.com

StandbyStatus.com features a user-friendly dashboard that allows the customer to check their generator's status anytime, anywhere:

- View current generator status and upcoming maintenance needs
- Remotely set exercise schedule
- Review run and maintenance history
- Get local weather updates
- Change messaging settings

Compatibility

Mobile Link is designed for use with a generator equipped with an LCD display. Mobile Link is compatible with most 2008-and-newer air-cooled standby generators and 2010-and-newer liquid-cooled standby generators from Generac®, Honeywell®, Eaton® and Siemens®.

NOTE: Please ensure you have cellular service in your area before purchasing. First year of data is included with purchase. Customer is billed directly for future data by a 3rd party through StandbyStatus.com
